## Degree in Bachelor of Science

INCOMPLETE

Credits required: 120 Credits applied: 103 Catalog year: FALL SEMESTER 2023

You need a total of 0 general elective credits, including courses already applied in your 'General Electives - credits included' block. Review the Credits Applied total in that block for your current count. This estimate may change if courses are double counted, since double counting fulfills multiple requirements without adding credits and may increase the remaining elective credits needed to reach your degree's minimum required credits. You currently have 78 earned credits; in-progress and pre-registered courses are not included in earned credits.

You have taken 106 overall eligible credits.

**Still needed:** 120 credits are required. You currently have 106 credits including both earned and in-progress courses. To graduate, you need to successfully complete a minimum of 14 additional credits and all graduation requirements. You need a total estimated 0 credits of general electives (including courses already counting as general electives) to reach 120 credits.
