What works best is to update your page as we go. Here are the requirements and the timetable. LABEL each portion, please! There are 5 parts that need to be on your ePortfolio Profile page for full credit.

- **Pitch, 5 pts:** Your pitch idea and the direction you're intending to take in the profile: Copy and paste \_\_\_\_\_ **Journal # 9** \_\_\_\_\_ for this.
- **First draft, 5 pts:** 200 words AND an outline. **This will also be a journal—to earn credit, submit on time.** → due date **11/7**
- **Peer review draft, 10 pts:** 600-700 words (the draft you peer review in class, this will also be a journal—to earn credit, submit on time). → due date **11/18**
- **Your Peer Review experience, 10 pts:** *this is a journal AFTER your peer review—a reflection on how your peer review went. Just copy and paste it on your Profile page (This will also be a journal—to earn credit, submit on time).*
- **Revised draft, as Word or Google doc AND a photo, 10 pts:** (due 1 week after peer review—send me the URL to your Profile page with ALL of the above).

**Profiles should range between 800-1000 words**

- **Profile Story Reflection as a Whole, 10 pts:** *this is a 300-400 word reflection on your overall experience as a writer, editor, and peer reviewer on this project. (This will also be a journal—to earn credit, submit on time; do this reflection on the whole experience after peer review).*

**Email me the link to your fully completed Profile page AND a Word or Google doc 1 week after your peer review → For this you will earn 10pts. To earn these 10 pts, you must submit your Profile page, fully completed, on time. No exceptions.**

All of the above totals 60 pts. The story itself totals 40 pts. See rubric for breakdown.
